They include white center and side poles, and are available in many sizes for any size event.

FRAME TENTS

Frame Tents fit a much needed niche in the tent world. A visible metal framework supports the tent so there are no center poles. Perfect for tight areas such as small yards, decks, swimming pools, and stages - the uses are limitless. They can also be attached to other tents as catering tents, band or dance floor tents, and can also serve as marquee or walkway tents.
